

Documentation Services

Capturing Impact. Preserving Moments. Telling Stories.

At **Redwood Films Kenya**, we go beyond simply recording events—we craft powerful, story-driven documentation that reflects your mission, captures your milestones, and showcases your impact. Whether you're an NGO, corporate organization, institution, or brand, our expert team is equipped to deliver documentation that speaks volumes.

What We Offer

Project Documentation

We follow your project from planning to completion, documenting key phases, challenges, and results. Perfect for development agencies, CSR initiatives, and institutional programs.

- Full video coverage
- Interviews with beneficiaries & stakeholders
- Highlight reels and full-length reports

Testimonial & Impact Videos

We bring your impact to life through real stories. Our team captures honest, unscripted moments to show how your work changes lives.

- Personal and community testimonials
- “Before & after” success journeys
- Short social media edits and full-length formats

Event Documentation

From corporate events to high-level conferences and public forums, we cover it all.

- Multi-angle video coverage
- High-quality photography
- Live streaming options (on request)

Institutional Archiving

We help institutions preserve important moments through organized, accessible archives.

- Recorded content storage
- Visual reports for board presentations
- Internal documentation with branding

Why Choose Redwood Films for Documentation?

Feature	Our Advantage
 Cinematic Quality	We use high-end cameras, drones, and pro-grade audio gear
 Story-Driven Approach	Every frame is guided by purpose, not just visuals
 Timely Delivery	Structured timelines for filming, editing, and approvals
 Trusted Team	Experienced in sensitive environments and field conditions
